

Description

FTTH BOX-G from Optic Network Technology is rugged, low cost, low profile interconnection between central office and multi-dwelling units of FTTx application.

The design of FTTH BOX-G combines the functionality of a local convergence cabinet with Terminal BOX.

Its multi-layer design allows installers to access only the components necessary for initial installation or subscriber turn-up. It can house the splitter and allows for pigtail splicing of distribution/drop cables as needed

Features

- Indoor or outdoor rated
- available 1x4, 1x8, 1x16 splitter as well as 2x4, 2x8, 2x16 splitter
- Max. up 16 pcs of FTTH drop cable or pigtails
- Suitable for wall-mounting or pole mounting application
- 2 inlet ports and 16 outlet ports

Application

- FTTH, FTTB, FTTC
- Telecommunication Network
- CATV
- Local Area Network

Dimensions

Model	PLC Splitter	Dimension(mm) (WxLxD)	No. of Ports
